ROLES.

TechSevin Solution LLP · Mumbai, India

Feb 2022 – Present

Current

Team Lead

TechSevin Solution LLP · Mumbai, India

- Lead three live projects — BharatEmart, OMS, and Alfa — plus TennisHub, from architecture through production.
- Own Magento 2.4 marketplace, Laravel OMS, search, logistics, and payment integrations for those catalogs.
- Review Magento and Laravel delivery, set technical direction, and debug production issues on Nginx, MySQL, and GraphQL paths.

Grew into the role

Magento Developer / Senior Backend Engineer

TechSevin Solution LLP · Mumbai, India

- Built and maintained Magento 2.4 and Laravel commerce systems for production catalogs and order flow.
- Took ownership of custom modules, GraphQL, ShipRocket, Razorpay, and OMS APIs.
- Debugged performance and production issues before moving into Team Lead.

Started as a fresher

Junior Magento Developer

TechSevin Solution LLP · Mumbai, India

- Joined TechSevin as a fresher and learned Magento 2, PHP, MySQL, and how production commerce actually ships.
- Supported catalog, checkout, and backend tickets that became the foundation for leading store and OMS work.

SELECTED WORK

BharatEmart — Magento 2.4 marketplace

GraphQL for catalog, checkout, vendors, RFQ, and returns. Custom modules for OMS API, ShipRocket, split orders, OTP login, Razorpay refunds, and homepage / GraphQL performance.

BharatEmart OMS — Laravel 10 order management

Dedicated order service with SQS FIFO queues, PDF invoices, barcodes, and payment verification states — order lifecycle outside Magento admin.

Alfa — Magento 2 store

Docker Compose with SSL, Elasticsearch, Redis, and Nginx, plus deploy scripts so Magento bring-up is repeatable.

TennisHub — Magento 2 specialty retail

Magento 2 upgrade and catalog, checkout, and payments work for a tennis retail catalog.

Also shipped: SwasthaOne (Laravel 12 healthcare API, split PostgreSQL, Elasticsearch, Razorpay, Twilio); TalyPay BNPL Magento payment module; Alessa Kuwait (Adobe Commerce EE); Khiara Magento multi-store.
